STAGE: IMPLEMENTATION
391
LIVES IMPACTED

OUR 103 members developed 10 businesses

106 TONNES of CO2 emissions prevented

26 TONNES of food saved from landfill

£54k has been generated this year

Enactus Nottingham has impacted the lives of **1787 PEOPLE**

Foodprint

Foodprint is a social supermarket in Nottingham welcoming up to 442 customers, redistributing free food to over 800 people, as well as tackling food poverty and food waste in our community.

21,000 children

Feel the damaging effects of food poverty

9.5 Million

Tonnes of food is wasted every year in the UK

Business Principles

Inbound logistics

Food is collected by our volunteers from partners

FareShare Co-Op deliver up to a tonne of food every week.

Crates are processed and quality assurance checks are carried out by volunteers

Outbound logistics

Surplus food is priced at 60% cheaper than in supermarkets and sold in our shop

Crates of food are redistributed to our 13 local partners

Charley, one of our shop volunteers who has gone through our Empowerment Programme has now secured a full-time job at Nationwide Care Services.

This Year's Innovation

Foodprint on Wheels

We designed and renovated our van and can now take our mobile social supermarket to isolated areas in Nottingham. With this innovation, we sell Foodprint food to **isolated area in Nottingham**.

The Bread Brew'd Project

Upcycling surplus bread from Foodprint into beer. Upcycled **10,000** slices of bread, produced **700** litres of beer. The Bread Brew'd Pale Ale can be found in **74 outlets** across the UK.

Dried Apple Smiles

By providing training to adults with learning disabilities, we up-cycle and package the **surplus apples from Foodprint into dried fruits** which will be redistributed to school breakfast clubs.

Community Impact

Impacting **355 children** from school breakfast clubs
Welcoming up to **442 customers** from our shop
556 people from our redistribution network

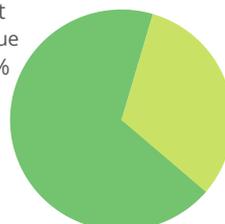

"I remember **filling 2 baskets full of shopping for £6**, and that could be £30 at a supermarket; it saves me a lot of money" - **Laura, Shop Customer**

Revenue
65.2%

NUTRIgreens

NutriGreens is a social enterprise within Enactus Nottingham. We aim to alleviate micronutrient malnutrition in children across developing countries in Africa by providing microgreens to schools.

2.2 Million

Children suffer from stunted growth due to malnutrition

133,333 children

Have to repeat grades in Uganda due to Malnutrition

Business Principles

Empowering local schools to grow their own Nutrigreens

We empower schools in Uganda to grow and harvest Nutrigreens to be added to children's meals. We do this by supplying them with the soil, seeds and fertiliser needed to farm sustainably.

Providing an educational curriculum

We have developed a 3 month programme providing essential education on the need for a healthy and nutritious diet.

Entrepreneurial Leadership

We found that urban schools have a big need for nutrition but limited access to land. So, we used entrepreneurial leadership, and **designed our very own vertical farming structures**, allowing schools to fully take advantage of their limited resources.

Financials

Grant revenue: £9132
Cost of setting up: £500

"If the students in Makeere can be organised with strong and supported entrepreneurial groups just like what Enactus is in Nottingham, I think it would help **reduce unemployment** through capacity building instilling the entrepreneurship culture in them" - **Grace Nabulo, Graduate of Makeere Univeristy**

Community Impact

Impacted **328 children** by educating them the importance of Nutrigreens in our pilot

Taught **60 farmers** from 6 different countries how to sustainably farm microgreens

Our Other Businesses

International Ventures

SANKofa Sanitation

SANKofa aims to improve sanitation and health in rural Ghana. We do this by employing women to construct and sell briquettes, which are a safer source of cooking fuel. We also run educational programmes to improve general sanitation.

Harvest Hub

Harvest Hub equips individuals from difficult backgrounds with the skills to run their own sustainable poultry farming projects. This is done through a specially designed Empowerment Programme.

Local Ventures

Altrua

Altrua aims to tackle social isolation by introducing Qi Gong, an oriental sport, into care homes which helps improve the physical and mental health of the elderly.

CodeX

CodeX is a coding business that aims to tackle low employment amongst neurodiverse individuals and under-representation of women in the tech industry.

Coffee Cart

Every Corner Coffee Co. is a sustainable coffee cart, striving to reduce unemployment and lower homelessness in our local area.

Commercial Ventures

U-Cycle

U-Cycle is the official University of Nottingham Bike Hire company, transforming the way students travel.

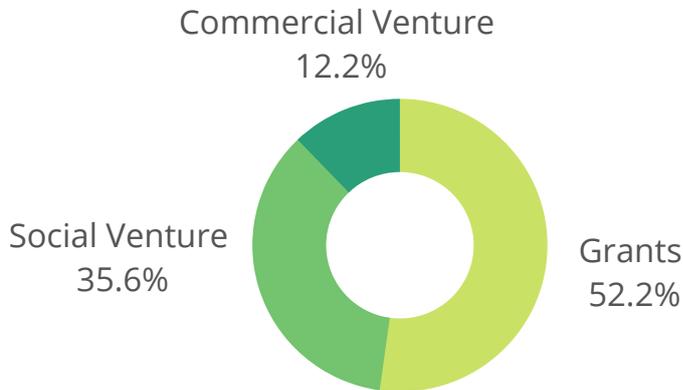

SENSE Events

SENSE Events is a sustainable events business that runs informative and innovative events for students in Nottingham.
